

OUR GOAL IS TO HELP DEALERS ACHIEVE SUSTAINABLE, LONG TERM ROI

Dynatron Software helps solve a problem most dealers didn't even know they had, revenue leaks within the Service Department. By fixing revenue leaks and finding new hidden revenue opportunities, Dynatron makes data actionable to optimize pricing, maximize CP ELR, and improve profitability and retention. Virtual expert fixed ops coaches leverage proprietary advanced analytics, comparative market data, and best practices to drive real financial results, generating an average of **\$296,170.46 of additional revenue for customers in Missouri**. Dynatron has over 27 years of Fixed Ops experience, works with over 3,800+ dealers nationwide, and comes with a **3:1 ROI guarantee**.

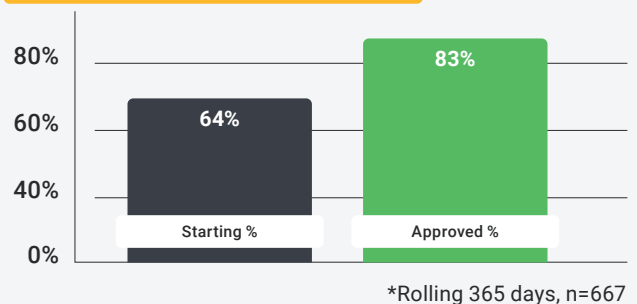

Dynatron's expert Coaching results in significant and lasting CP ELR gains.
